RESTRICTIONS AND COVENANTS

1. Each Lot shall be used exclusively for single-family residential purposes, except for such Lots or parts thereof as may hereafter be conveyed or dedicated by Declarant, or its successors or assigns, for use in connection with a Common Facility, for a church, school or park, or for other non-profit use.

2. No residence, building, fence, wall, driveway, patio, patio enclosure, swimming pool, basketball backboard, dog house, pool house, flag pole, or other external improvement, including landscaping, above or below the ground (herein all referred to as any "Improvement") shall be constructed, erected, placed or permitted to remain on any Lot, nor shall any grading or excavation for any Improvement be commenced, except for Improvements which have been approved by Declarant as follows:

(a) An Owner desiring to erect an Improvement on any Lot shall deliver one set of construction plans, detailed landscaping plans, and plot plans to Declarant (herein collectively referred to as the "plans"). Such plans shall include a description type, quality, color and use of materials proposed for the exterior of such Improvement. Concurrent with submission of the plans, Owner shall notify the Declarant of the Owner's mailing address.

(b) As a means of defraying its expense, the Declarant may institute and require a reasonable filing fee to accompany the Application for each residential dwelling or other construction project submitted. Initially, the Declarant will require a \$1,000 debris and Lot restoration deposit up the receipt of an Application for any Lot within the Tower District. The \$1,000 debris and Lot restoration deposit shall be held by the Declarant pending the completion of the residential structure. In the event the Declarant is required, in its sole and absolute discretion, to expend funds to bring any Lot under construction in compliance with the Declaration, the Construction Guidelines or the Rules and Regulations, then the Declarant shall have the right to keep and retain all or a portion of the deposit to defray the costs incurred by the Declarant.

In this regard, Declarant intends that each Lot shall be developed as a single-family residential community with dwellings constructed of high quality materials. The decision to approve or refuse approval of a proposed Improvement shall be exercised by Declarant in its sole discretion during the Period of Declarant Control, and in a manner to promote conformity and harmony of the external design of the improvements constructed within the Tower District subdivision and to protect the value, character and residential integrity and quality of all Lots in a manner consistent with this Declaration. Atypical improvements and home designs such as dome houses, A-frame houses and log cabins will not be approved unless the Declarant determines that construction of these improvements will not be materially inconsistent with the architectural theme of development as contemplated by this Declaration. If Declarant determines that the external design and location of the proposed

Improvement does not conform with the standards or requirements of this Declaration, does not conform with the surrounding improvements and topography or will not protect and enhance the integrity and character of all the Lots within the Tower District and any neighboring lots, if any, as a quality residential community, Declarant may refuse approval of the proposed Improvement.

(d) Written Notice of any approval of a proposed Improvement shall be mailed to the owner at the address specified by the owner upon submission of the plans.
